Description

Facilities

This is a detailed topographic map of the Gevray-Bohan region in France. The map features the Semois river flowing through the center, with several bridges crossing it. Key roads are highlighted in orange, including N914 and N973. Contour lines in brown and green indicate the terrain's elevation, with labels for 200 and 254 meters. The map also shows various localities, including Gevray and Bohan, and several camps. A yellow circle is placed on a road near the river, and a red line with an arrow points to a specific location on the right side of the map. A compass rose is located in the top left corner, and a scale bar (0 to 100m) is in the bottom left corner. The map is sourced from Leaflet and IGN.
