Description

Discovery categories

Built heritage, Archaeological site.

This is a detailed topographic map of a region in France, likely in the Ardennes. The map features the Semois river flowing from the top left towards the bottom. Several place names are visible, including 'la Garenne', 'la Plite', 'la Hulette', and 'HERBEVILLE' in large bold letters. A network of roads is shown, with some labeled 'N884'. A yellow circle is placed on a road near the Semois river, indicating a specific point of interest. The map also shows contour lines, a compass rose in the top left, and a scale bar at the bottom left.
