Cities : 1. Bouillon

Altimetric profile

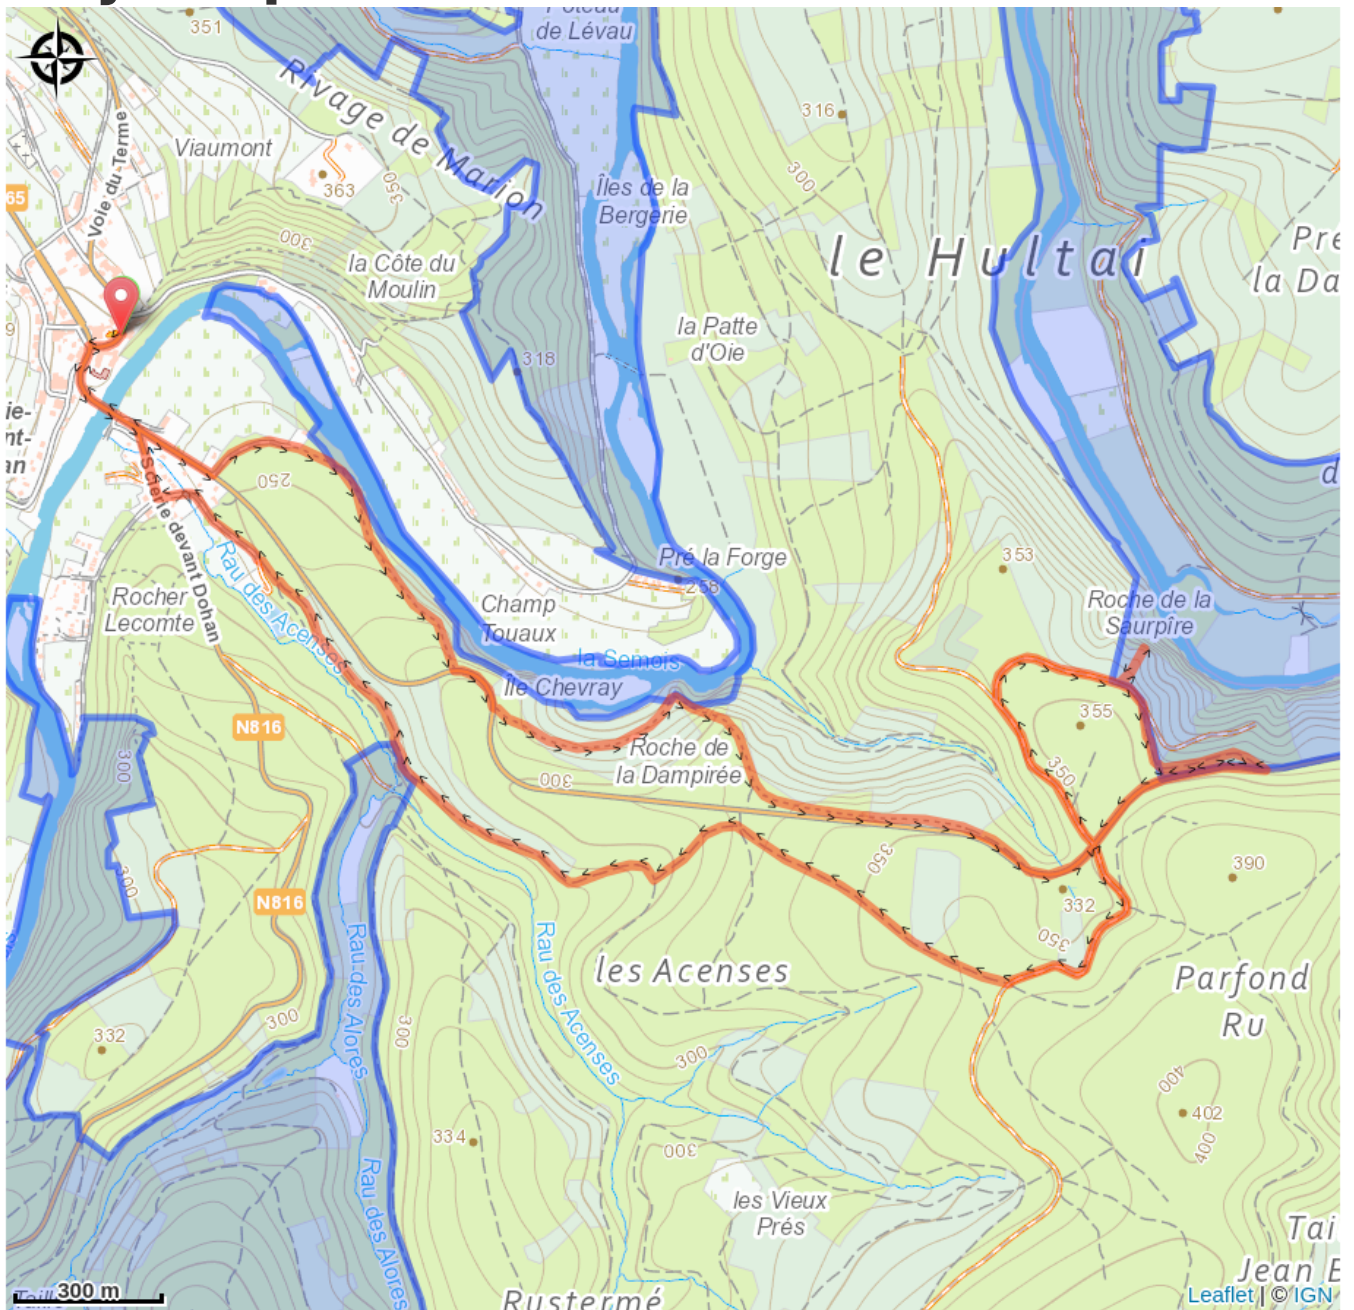

Min elevation 231 m Max elevation 367 m

CLOSED starting Monday, May 4, 2026, until safety conditions are restored. This is due to logging operations.

A very beautiful walk. You will discover the mystical, enchanted forest and many magnificent and impressive viewpoints on the meandering Semois.

Caution is advised on the sometimes quite technical and winding sections of the paths.

On your path...

All useful information

Environmental sensitive areas

Along your trek, you will go through sensitive areas related to the presence of a specific species or environment. In these areas, an appropriate behaviour allows to contribute to their preservation. For detailed information, specific forms are accessible for each area.
